JUNE 2-4, 2022 | CHIȘINĂU - REPUBLIC OF MOLDOVA

INTERNATIONAL SUMMER CONFERENCE

INTERDISCIPLINARITY AND COOPERATION IN CROSS-BORDER RESEARCH - INTERNATIONAL SUMMER CONFERENCE

June 2-4, 2022 - Chişinău, Republic of Moldova

ICCR 2022
Summer

The Cross-Border Faculty, one of the most dynamic institutions of higher education at “Dunărea de Jos” University of Galaţi, has continually displayed an open attitude towards projects of cross-border cooperation, initiating and successfully implementing them, adding to the overall value of the academic scene of Galaţi.

On the same note, the scientific events that have taken place so far have entailed academic partnerships with other faculties and universities, both from Romania and from abroad. One of the valuable partners of the Cross-Border Faculty is the State University of Physical Education and Sport, Republic of Moldova, an institution of higher education of tradition, which shares the same academic values with us. Likewise, “Bogdan Petriceicu Hasdeu” State University of Cahul, “Ion Creangă” State Pedagogical University, the Trade Co-operative University of Moldova, the State Agrarian University of Moldova, the State University of Moldova, represent equally valuable partners, having an impressive portfolio of research activities in various fields, initiating and carrying out projects on a national and international level.

The “**Interdisciplinarity and Cooperation in Cross-Border Research**” **International Summer Conference - ICCR 2022** is, therefore, an event of international impact and it aims to reunite specialists in various fields (physical education and sport / economy and international business / ecology and environment protection / agrifood / advanced materials in engineering) who are interested in cross-border research and who will facilitate the proper environment for new discoveries in the targeted scientific fields.

The scientific papers within the conference will be presented both on site and online, with the mention that the mode of conducting this academic event could change according to the evolution of the current context.
